**For Immediate Release**

**June 1, 2023**

## **Portion of Greenbriar to be Closed for Sewer Repair**

Wichita Falls, Texas- The City of Wichita Falls Public Works Department will perform sewer line maintenance at the intersection of Greenbriar and Southwest Parkway to maintain the sewer collections system and reduce blockages and potential sewer overflows.

The Southwest Parkway eastbound right turn lane and westbound left turn lane southbound onto Greenbriar will be closed. There will be no through traffic allowed southbound onto Greenbriar.

The main lanes of Southwest Parkway will remain open. Driveways to nearby businesses will remain open but may have to be accessed from the south end of Greenbriar. A map of the impacted area is on page 2 of this release.

This work will begin on the night of June 5, 2023, at 10 pm to reduce impacts on the surrounding businesses and protect the city staff from the high traffic flow. The sewer repair will be completed by the morning of June 6, 2023. The remainder of the week-long project, weather permitting, will be dedicated to the street repair.

We thank the public for their patience. For questions please call (940) 761-7477.
